ABOUT FORENSIC LAWYER

The Forensic Lawyer is an interdisciplinary initiative designed to bridge the gap between legal practice and forensic science through the Joint Certificate Course in Forensic Science & Law, co-offered by KLA and the Centre for Criminal Investigation and Forensic Science (CCIFS). The programme aims to equip legal professionals and law students with scientific literacy to understand crime scene investigation, forensic laboratory procedures, evidence evaluation, and expert testimony, while familiarising forensic science enthusiasts and professionals with the legal principles governing criminal investigation and judicial proceedings.

Integrating contemporary legal frameworks, including the Bharatiya Nagarik Suraksha Sanhita (BNSS), 2023, and the Bharatiya Sakshya Adhiniyam (BSA), 2023, the initiative emphasises evidence admissibility, chain-of-custody compliance, forensic report interpretation, and cross-examination of expert witnesses. Complemented by an academic conference, the programme will provide a multidisciplinary platform for legal practitioners, forensic experts, researchers, academicians, and students to exchange knowledge, explore emerging challenges, and promote collaboration between science and law. Ultimately, The Forensic Lawyer seeks to strengthen the criminal justice system by advancing the responsible use of scientific evidence, improving investigative and courtroom practices, and promoting a more transparent, reliable, and evidence-driven pursuit of justice.

ABOUT KLA

Established in **1966** as Kerala's first private law college, Kerala Law Academy (KLA) is a premier institutional powerhouse in Thiruvananthapuram. KLA features robust infrastructure including a Moot Court Society, Legal Aid Clinic, and Centres of Excellence. It hosts **CALSAR**, a recognized University of Kerala research centre that publishes the UGC-CARE listed Academy Law Review. KLA holds the unique distinction of being the only institution in India that regularly hosts five national and one international competition annually—spanning mooting, trial advocacy, ADR, client counselling, and mediation—alongside landmark global programs like Global Convergence Colombo and CLEA roundtables. Supported by active NSS, NCC, and cultural platforms like LACULT and LASPORTS, KLA stands as an ideal pioneer for innovative legal education.

ABOUT CCIFS

Founded in **2009** , the Centre for Criminal Investigation and Forensic Science (CCIFS)—a specialized wing of **Tabish Sarosh & Associates (TSA)**— established to bridge the critical gap between academic theory and real-world legal practice. Leveraging the deep-rooted connections within both law enforcement and academia, CCIFS is dedicated to pioneering industry-aligned education and training that promotes excellence and innovation across the fields of forensic science and criminal law. To fulfill this mission, CCIFS employs a highly interactive, interdisciplinary model that seamlessly integrates forensic science, law, and psychology. By immersing students in project-based learning, real-time simulated crime scenes, and hands-on work in forensic labs, they develop the critical, practical skills necessary to excel in the complex landscape of modern criminal investigation.
